Eric Fischl's More Things to Come. Promise., 2019

Sprüth Magers brings Eric Fischl to LA for his first show in the city in 25 years, and his first with the gallery.

Complications From an Already Unfulfilled Life presents a new body of work in the spirit of the East Coast painter's go-to themes of leisure and isolation. Despite the oozing ennui of the figures, the pools, oceans, and lakeside views will leave you itching for a summer vacay. SPRUETHMAGERS.COM
